Juniper Studio Service Proposal

Replace the fragmented booking journey with one accessible flow, delivered in three reviewable stages.

The fictional engagement covers research synthesis, interaction design and a tested frontend prototype for a neighborhood arts venue. Production integration is a separate engagement.

Stage	Deliverable	Fee
01 Discover	Journey and success measures	$6,000
02 Design	Six screens and component states	$10,000
03 Validate	Prototype and handoff	$8,000

Included

Two stakeholder workshops, six core screens, responsive specifications, accessible component states and a documented prototype handoff.

Offer valid for 30 days · Start date follows written acceptance.

Working Together

One named decision owner consolidates feedback within three working days. Each stage ends with a review, not an implied approval.
